InfoValue Announces Integration of Internet Radio with IPTV System

Thousands of internet radio stations easily accessed from the InfoValue IPTV TV Interface.

ELSMFORD, N.Y. – April 28, 2016 – InfoValue Computing, Inc. (InfoValue), IP Media Experts, today announced the latest integration of Internet Radio with its IPTV platform, allowing IPTV users to enjoy Internet radio content.

The integration brings thousands of Internet radio stations to IPTV client devices regardless of whether the devices have Internet connectivity. Hotel guests can comfortably use guestroom TVs to browse and listen to their hometown Internet radio stations, or stations local to the hotel.

“This integration illustrates InfoValue’s commitment in continuously expanding the scope of features of the InfoValue IPTV platform,” said Dr. Monsong Chen, president and CEO at InfoValue.

The integration allows Internet radio to be available to all InfoValue IPTV end-points, including Smart TVs, TVs with set-top boxes, desktops and mobile devices and leverage many of InfoValue IPTV features, such as combining with customized photo gallery.

InfoValue Integrated IPTV and Internet Radio systems are available immediately from InfoValue at 914-345-5980 (www.infovalue.com) or InfoValue resellers.
