InfoValue Announces The Release of SuiteTV Version 6 for Mass Market Hotel IPTV Deployments

Easy installation and content management along with invaluable system analytics

ELSMFORD, N.Y. – June 16, 2016 – InfoValue Computing, Inc. (InfoValue), IP Media Experts, today announced the latest SuiteTV Version 6 (“SuiteTV V6”) for mass market hotel IPTV deployments.

SuiteTV V6 simplifies IPTV deployments by supporting many hotel infrastructure environments, such as smart TVs, set-top boxes, PCs, smart phones and/or tablets over Internet, WiFi, cellular, wired Intranet and/or IP over coax. SuiteTV V6 also streamlines content management process so that hotel staffs to easily create attractive digital signage presentation, slideshows, multimedia information screens and channel guide with hotel’s unique, creative branding.

“SuiteTV V6 is a giant leap forward in bringing premium IPTV features and operations to the mass market,” said Dr. Monsong Chen, president and CEO at InfoValue. “Along with ease of use, SuiteTV also offers invaluable analytics of how guests use and perceive the system.”

InfoValue SuiteTV V6 will be available for deployments in 3Q 2016.
